THE CAUSE FOR CANONIZATION OF PAUL M. MURPHY, MJ *update*

JANUARY / FEBRUARY 2007

Family Moves to Phoenix to be a Part of the Ideals of Paul Murphy

Michelle Briseno, Phoenix, AZ

My husband, Giovanni, and I, have 7 children and our 8th baby is due in April. Two years ago we met Miles Jesu member Elizabeth Baez at the Catholic Family Conference in California and learned about Miles Jesu and Paul Murphy. On a visit to Miles Jesu in Phoenix we were inspired to move here to be part of that ecclesial family. Our two oldest boys now attend the Paul Murphy Academy and we are so surprised at the things that they are leaning about the Catholic faith and the history of the Church. Giovanni and I are also

learning how, within our own marriage and our own family, we can serve the Church.

We have several favors to report that we believe came through the intercession of Paul Murphy, who, by the way, was the inspiration for the naming of youngest son, Paul Michael. Though there is not room for all the details here, I will mention a few highlights:

One of our family members was on the brink of divorce. Along with daily Mass and Rosary we

prayed to Paul Murphy. We recently heard they have been reconciled and are seriously working on their marriage. They, too, have decided to move to Arizona to be close to us – and I hope soon will be members of our ecclesial family also.

Another family member came back to the Church. We had been praying for him to Paul as he had lost custody of his son. That is now turning around and he is getting more visitation rights. He has since married, and he and his wife have a new baby. Though he didn't follow the Church much before, he is actually the one who calls everyone for the family Rosary in the evening. My mom and dad, too, are thinking of moving here and my dad is starting to go to Mass again. We're bringing all our family to Arizona because of Miles Jesu. I can't give any other reason than that. We continue to pray to Paul Murphy for all our needs, and are so happy to be part of the community that he helped to found. ■

Note: Michelle, busy wife and mother that she is, manages to print and mail out the "Friends of Paul Murphy."

Favors Attributed to Paul's Intercession

When collecting the favors people have been attributing to Paul Murphy's intercession, we were struck by all the favors that have to do with new life or healing of babies and children. While looking for a photo to go with this newsletter, we found the one here: Norma McCorvey ("Roe" of Roe v. Wade) holding little Angel Baez, one of the babies cured after prayers to Paul. The photo was taken at the Path to Rome conference in Chicago where Norma McCorvey spoke.

Angel and Cindy Trenton, New Jersey

Baby Angel Luis, 26 days old, fell and hit his head on the floor. Doctors performed a CT scan and found the skull fractured and internal bleeding. The doctor said he needed surgery; the baby's aunt, a member of Miles Jesu, advised them to baptize the baby and pray to Paul. She and others also prayed to Paul. The baby is fine with no brain or other damage.

Kay and John Chandler, AZ

They were hoping for a long time to have another baby. After prayers to Paul for this intention they now have a new little son name "Paul Michael."

Anais and Daniel Costa Rica

Married since June, 2002, they were unable to have children despite medical treatment. In November 2005, the couple, along with family members, started praying to Paul for a child. They now have a son.

Blanquita Phoenix, AZ

This three-year-old had tumor on her neck. Her parents and family members prayed to Paul for healing, and the tumor disappeared completely. ■
